Green Mining: The Way Forward...

Introduction

- India holds a fair advantage in cost of production and conversion costs in steel and alumina. Its strategic location enables convenient exports to develop as well as the fast-developing Asian markets.
- India currently produces around 88 minerals which mainly include 50 non-metallic, 24 minor, 10 metallic, 4 fuel and 3 atomic minerals.
- Rise in infrastructure development and automotive production are driving growth in the sector. Power and cement industries are also aiding growth in the metals and mining sector. Demand for iron and steel is set to continue, given the strong growth expectations for the residential and commercial building industry.

Third Largest Coal Producer

India is the 3rd Largest producer of Coal. Coal Production stood at 554.13 million tonnes in FY'2017 and 549.5 million tonnes in FY-18 (upto February 2018). India has the 5th Largest estimated coal reserves in the world, standing at 315.149 billion tonnes in FY'2017

Fourth-Largest Iron Ore Producer

India ranks 4th globally in terms of iron ore production. IN FY'2018, production of iron ore stood at 192 million tonnes. India has around 8% of world's deposit of iron ore.

Third Largest Steel Producer in 2015

India has become the 3rd largest steel producer in FY'2017 with the production of finished steel at 83.01 million tonnes. India stood as the 3rd largest crude steel producer in 2016, while its production increased to 97.385 million tonnes in FY'2017 as compared to 90 million tonnes in FY'2016. Crude steel production from April'2017 to February'2018 stood at 93.18 million tonnes

Market Size

- India is the 3rd largest producer of coal. Coal production stood at 554.13 million tonnes in FY17 and 365.6 million tonnes in FY18 (up to November 2017). India has the 5th largest estimated coal reserves in the world, standing at 308.802 billion tonnes in FY16. In 2016, India contributed around 11 per cent of the world's production of coal.
- India ranks 4th in terms of iron ore production globally. In FY17 and Apr'2017 - Jan'2018, production of iron ore stood at 192 million tonnes and 126.056 million tonnes, respectively. India has around 8 per cent of world's deposits of iron ore.
- India has become the 3rd largest steel producer in FY17 with the production of finished steel at 83.01 million tonnes. India stood as the 3rd largest crude steel producer in 2016, while its production increased to 97.385 million tonnes in FY17 as compared to 90 million tonnes in FY16. Crude steel production from Apr'2017 - Jan'2018 stood at 84.4 million tonnes.
- According to Ministry of Mines, India has the 7th largest bauxite reserves - around 2,908.85 million tonnes in FY17. Aluminium production stood at 1.7 million metric tonnes in FY17.
- India has vast mineral potential with mining leases granted for longer durations of 20 to 30 years.
- Coal-based power generation capacity in India, which currently stands at 192 GW is expected to reach 330-441 GW by 2040, according to Shri Gopal Singh, CMD, Coal India Ltd.

Value of Imports of Iron Ore and Minerals in India (USD Billion)

Investments / Developments

- Cumulative FDI inflows into the mining sector between April 2000 and December 2017 stood at USD 14.005 billion as per Department of Industrial Policy and Promotion (DIPP).
- Vedanta Resources Plc is planning to invest around USD 9 billion in India and create more than a million direct or indirect jobs in the country.
- Metals and Minerals Trading Corporation of India (MMTC) Ltd is in talks with the National Mineral Development Corporation (NMDC) to sign a new five-year pact for exporting 2.6 million tonnes of iron to Japan and South Korean industries.
- Under the Mines and Minerals (Development and Regulation) Act of 1957, FDI upto 100% under Automatic route is allowed for the mining and exploration of metal and non- metal ores including diamond, gold, silver and precious ores, while FDI upto 100% under Government route is allowed in for mining and mineral separation of titanium bearing minerals and its ores.
- The Government of India is taking steps boost the country's domestic steel sector and raise its capacity to 300 million tonnes (MT) by 2030-31.

Road Ahead

- There is significant scope for new mining capacities in iron ore, bauxite and coal and considerable opportunities for future discoveries of sub-surface deposits. In February 2017, the country's coal ministry allowed private companies to engage into mining activities for commercial purposes.
- Infrastructure projects continue to provide lucrative business opportunities for steel, zinc and aluminium producers. India's infrastructure sector is expected to grow at a CAGR of 35.65% over the period FY 2008-25.
- Iron and steel make up a core component of the real estate sector. Demand for these metals is set to continue given strong growth expectations for the residential and commercial building industry.

Government Initiatives

- In February 2018, Government of India approved the methodology for auction of coal mines. Auction held under this methodology will be ascending forward auctions with the bid parameter being rupees paid to the state government per tonne of actual production. Also, there will be no restriction on sale or utilization of coal.
- In August 2017, Ministry of Mines constituted a committee to revisit National Mineral Policy 2008 and announce a fresh and more effective, meaningful and implementable policy. Comments were invited from the general public and other entities concerned in January 2018.
- 'Grahak Sadak Koyla Vitaran App' has been launched by Shri Piyush Goyal, Minister of Railways and Coal, which will benefit customers of Coal India Limited (CIL) lifting coal through road mode.
- The Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India, has eased the guidelines for mining of critical atomic minerals such as uranium or titanium in the Coastal Regulation Zone (CRZ) areas.
- The reduction in local and inter-state tax rates after implementation of Goods and Services Tax (GST) is expected to result in savings of INR 6,000 crore (USD 937.77 million) for customers of Coal India which include NTPC, Korba State Power Houses of Gujarat, Rajasthan and Chhattisgarh and other State Electricity Boards along with private consumers like Adani, Lanco & Balco etc. while increased production in previous three years has saved the country INR 25,900 crore (USD 4.05 billion) in foreign exchange by reduction in imports.
- Shri Piyush Goyal, the Union Minister of State for Power, Coal, New & Renewable Energy and Mines, launched the Mining Surveillance System (MSS) in New Delhi to establish a regime of responsive mineral administration by curbing instances of illegal mining activity through automatic remote sensing detection technology.
- National Steel Policy has been established in 2017 with the mission to provide self- sufficiency in steel production by providing policy support and guidance to private manufacturers, MSME steel producers, CPSEs and encouraging capacity additions.
- The Odisha government has been granting leases for longer durations of 20 to 30 years due to which India has seen a significant growth in minerals.
- The Government also provides fiscal incentives to companies such as one-tenth of the expenditure on prospecting, extraction and production of certain minerals during five years ending with the first year of commercial production is allowed as a deduction from the total income.
- In captive mining for coal, companies are permitted to set up coal processing plants such as washeries that are for specified end uses, including the setting up of power plants, fertilizers and steel units.

Exhibition Overview: 8th IME 2019

- 8th in the Series - IME 2019 is a leading institutionalized biennial international exhibition of the Mining, Minerals, Metals and Machinery industries in India
- 3 Days High Level 8th Asian Mining Congress with Speakers and Delegates from over 20 Countries, who will visit and interact with Exhibitors
- Concurrent “Buyer Seller Meet” at during Exhibition having presentations from Major Industry Players from the Industry
- An Ideal Platform for display and launches of new initiatives, machinery products and technologies, establishing joint ventures, developing and renewing international and regional contacts
- High Level Trade Delegations and Country Level Group Participation expected from Australia, China, Czech Republic, Germany, Poland, Russia and, UK and USA
- Large participation of leading Mining Equipment & Machinery Manufacturers expected from Asia, Africa, Americas and Europe
- Participation of Minerals Rich India States and PSU's, Large Corporates and Small and Medium Organisations

Congress Inauguration - (Left to Right) President, MGMI, Secretary (Coal), GOI, CMD, Coal India; Ambassador, Czech Republic; CMD, Mahanadi Coalfields

Exhibition Inauguration - (Left to Right) CMD, Mahanadi Coalfields; Ambassador, Czech Republic, Secretary (Coal), GOI, CMD, Coal India; MD, Tefcon

Concurrent with:

8th Asian Mining Congress

November 6-8, 2019 at Hotel Westin, Rajarhat, Kolkata, India

The 8th Asian Mining Congress will be organised by The Mining, Geological & Metallurgical Institute of India (MGMI). Eminent Speakers from India and abroad will debate, deliberate and exchange views on the key issues of the mining and allied sectors. Over 600 delegates are expected to participate from over 20 countries (full details in separate brochure of MGMI)

Concurrent Buyer Seller Meet

Interactive sessions with coal and allied sector companies, technologies & equipment suppliers and service providers - Buyer Seller Meet will be organized at the exhibition venue. During all the previous editions, it was a great value addition to the event. It is also planned to be held during the 8th IME 2019, with much bigger participation. The Presentation will be made by major players of coal and other mineral sectors, in India.

Exhibiting Profile

- Coal Producers
- Coal Beneficiation & Mineral Dressing Equipments
- Mining and Construction Machinery Manufactures
- Pumps, Gears, Valves and Compressors
- Power Generation and Transmission
- Material Handling, Logistics and Communication
- Tyres Manufacturers
- Mineral Processing Plants and Equipments
- Lubricants, Greases and Oils
- Automation and Instrumentation
- Diesel Engines & Electrical Engines
- Motors and Generators
- Weighing and Monitoring Solutions
- Mineral Rich State Governments
- Other Minerals and Metals Producers
- Water Treatment Solutions
- Chemicals and Explosives
- Health, Safety & Security
- Components and Spare Parts
- Cement Manufacturers
- IT in Mine Planning & Surveying
- R&D Institutions, Consultants
- Importers and Exporter

Visitors Profile

- Coal Consumers / Producers
- Mining, Logistics, Shipping and Freight Companies
- Policy Makers
- Central and State Sr. Government Officials
- Equipment Buyers & Suppliers
- Fuel Suppliers
- Project Developers
- Entrepreneurs
- Investors, MNC's, Industrialist and Traders
- Importers and Exporters
- Engineers and Professional
- Trade Delegations
- Research Scholars
- Bankers and Financial Institutions
- Legal and Management Consultants
- Chief Executives / Decision Makers
- Consultants
- R&D Professionals
- Academicians
- Foreign Missions
- Industry Associations
- Infrastructure Development Organizations
- IT Companies and Solutions Providers

Stall Options

Built-Up / Shell Scheme Booth

Includes: Wall Panels, Carpet, Fascia in English, 1 Spotlight per 3 sqm., One 5 amp socket per 12 sqm., 1 Counter / Table, 2 Chairs, Basic Electricity for stand lighting, One Expo Directory, General Security, Cleaning of the Stalls

Raw Indoor Space

Includes: Basic Electricity for Stand Lighting, One Expo Directory, General Security, Stalls Cleaning

Outdoor Area (best suited for Heavy Machinery Display)

Includes: General Security, Stall Cleaning, One Expo Directory

Important note:

Electricity required for Equipment; LED Walls etc. is not included in stall packages, and is mandatory to be ordered extra.

The 7th IME 2017 "International Mining, Equipment, Mineral & Metals Exhibition" (concurrent with 7th Asian Mining Congress), organised during November 8-11, 2017, was a grand success, as informed by Exhibitors, Visitors, Delegates and VVIPs.

The institutionalized event has been envisaged as a catalyst for the development of Mining, Mineral, Metal and allied sectors in India. This prestigious biennial international event of the sector, is one of the largest shows of its kind in this part of the world. It is an ideal platform for the global Mining, Mineral and Metal producers, and other stakeholders of these industries to congregate, display products, exchange technology, negotiate business for mutual business development.

The event was inaugurated by Hon'ble Shri Susheel Kumar, IAS, Secretary, Ministry of Coal, Government of India on November 8, 2017 with the traditional lighting of the Lamp. Other eminent dignitaries present on the occasion included, H.E. Shri Milan Hovorka, Ambassador, Czech Republic; Shri Gopal Singh, Chairman, Coal India Ltd.; Dr. N.K. Nanda, President, Director (Technical), NMDC; Shri A.K. Jha, CMD, Mahanadi Coalfields Ltd.; Shri K.S. Biswal, Director (Finance), NTPC; and Shri I.P. Wadhwa, Managing Worker, Tafcon.

High level delegations from Australia, China, Czech Republic, Poland, Russia and many other countries also visited this important event.

Concurrently "Buyer Seller Meet" was organised with presentations from Stakeholders namely Coal India Ltd., NTPC, NMDC, etc. It received very enthusiastic response from overseas and India.

An Exhibitors Award Function was also organised on November 10, 2017, Chief Guest: Shri Debashis Sen, IAS, Addl. Chief Secretary, Government of West Bengal & CMD, WBHIDCO and Guest of Honour: Shri R.K. Saha, Past President, MGMI, gave the awards to Exhibitors in different categories like International Pavilions, Machinery Display, Innovative Stall Design and Presentation, Large Participation, Outdoor Machinery Display etc.

Countries Participated

AUSTRALIA

BANGLADESH

CHINA

CZECH REPUBLIC

ENGLAND

FRANCE

GERMANY

INDIA

IRAN

ITALY

JAPAN

MALAYSIA

POLAND

RUSSIA

SINGAPORE

SOUTH KOREA

SPAIN

SWITZERLAND

UNITED ARAB EMIRATES

UNITED STATES OF AMERICA

Facts & Figures

**Over 20,000 sqm.
Display Area**

**Participation from
20 Countries**

**Country Pavilions by
Australia, China
Russia & Poland**

18,726 Footfalls

**485 Congress
Delegates**

**60 Technical Papers
in Congress**

**Excellent Display by
Major Machinery
Manufacturers**

**Participation by
Major Coal, Mineral
and Metals Producers**

**Participation by Mineral
Rich Focus States:
Jharkhand & Odisha**

Testimonials

“ Very Well Organised ”
Shri Susheel Kumar, IAS, Secretary
Ministry of Coal, Government of India

“ We need more such exhibitions for technology transfer and make the "Make in India" dream a reality and success. All the very Best. ”
Shri Suresh Kumar, IAS
Additional Secretary, Ministry of Coal, Government of India

“ Excellent. Great Organisation. Best Wishes. ”
Shri Debasish Sen, IAS
Addl. Chief Secretary, IT&E, Government of West Bengal
CMD, WBHIDCO

“ Great to be here in Kolkata to attend the 7th IME. I am grateful to organisers for providing excellent environment for B2B meetings. ”
Shri Milan Hovorka
Ambassador, Czech Republic

“ Congratulations on putting together a fantastic event. Many thanks for great support to Austrade and helping us put the Australia Pavilion Together-feedback has been good so far. ”
Shri Tim Martin
Trade Commissioner, Australian Trade Commission

“ Well Organised and very meaningful. ”
Shri A.K. Jha
CMD, Mahanadi Coalfields Ltd.

“ Excellent participation from mining equipment manufacturer from India and abroad. The arrangement and facilities are outstanding. ”
Shri N.K. Nanda
President, MGMI & Director (Technical), NMDC

“ Very well laid and organised with wide coverage ”
Shri U. Kumar
Former CMD, SECL & NCL

“ Excellent Exhibition. Great Job. ”
Shri V.K. Arora
Chief Mentor, KCT Bros.

Few Glimpses of Last Edition

Few Glimpses of Last Edition

Exhibition Venue - EcoPark, Rajarhat, Kolkata, India

New Town Eco Park is an urban park in Rajarhat, Kolkata. The park is situated on a 480 acres (190 ha) plot and is surrounded by a 104 acres (42 ha) waterbody with an island in the middle. The Eco park is located along the Major Arterial Road in Action Area - II of New Town, Kolkata. The park is surrounded by the Kolkata International Convention Centre and the Kolkata Museum of Modern Art on the North, the upcoming Central Business District and International Financial Hub on the east, and existing human settlement of Jatragachi/Hatiara on the South and West.

About Organisers

THE MINING, GEOLOGICAL & METALLURGICAL INSTITUTE OF INDIA (MGMI)

MGMI, the oldest institute of its kind in Asia has been promoting the cause of the mineral industry since its inception on 16 January 1906. It has been on the forefront of professional societies in mining and geosciences around the world. MGMI has always provided a forum for sharing experiences and learning of the latest in best practices and technology. The Institute presently has more 3,000 members serving the mining, minerals and metallurgical industry and diversified its valued added activities in various fields. The institute is having its headquarter and one of its branch in Kolkata and 18 more branches throughout the country.

TAFCON PROJECTS (INDIA) PVT. LTD.

TAFCON is a professionally managed company with over six decades of experience and expertise in organizing International Trade Fairs and Conferences in India and overseas, on various subjects namely Mining, Minerals & Metals; Materials Engineering Technology; Environment; Packaging; Printing; Paper; Beauty; Lifestyle; Tot Teen & Mom; Education; Medical & Healthcare; Poultry, Dairy & Food Technology; Travel & Tourism; Surface Engineering, Coating & Paint, Heat Treat; Metals & Foundry; etc.
